26                  Minute Order  
27                  Re: Case Scheduling  
28

1                  THIS is to memorialize a teleconference between and among counsel and the court this date regarding  
2 the current scheduling order and the parties desire to adjust the same to accommodate mediation. The parties  
3 hope to conclude mediation by or before August 31, 2006. The case is currently set for trial March 12, 2007.  
4 The parties wish to focus on mediation and extend deadlines for disclosure of experts and discovery for  
5 implementation in the event the case is not resolved in mediation. The court advised counsel of a willingness  
6 to adjust the interim case scheduling deadlines while preserving the currently scheduled trial date.

7                  **It was agreed that the parties would advise the court no later than August 31, 2006 regarding**  
8                  **the outcome of mediation. If the case is not resolved by that date, the parties were invited to submit**  
9                  **an agreed scheduling order for consideration with adjusted scheduling dates, provided the trial date**  
10                 **remains March 12, 2007.**

11                  Entered by Deputy Clerk, /s/Kelly Miller, this 6<sup>th</sup> day of July 2006.
